Re: WT Docket 11-65

Dear Mr. Chairman and Commissioners:

The purpose of the Terrell County, GA Chamber of Commerce is to foster better business, to promote the welfare and well-being of the county and to assist more broadly in pursuing an agenda that makes for a better and more prosperous community. The combined AT&T and T-Mobile entity will service each of these goals by bringing mobile broadband to more businesses in rural communities.

When companies are looking to locate operations and jobs in our area, they want to be sure they will have access to the necessary technologies to compete in a variety of markets. Regardless of the products or services these businesses buy, sell or trade, they need access to the latest information technology systems and a reliable broadband connection. This merger will enable more investment in the communications infrastructure necessary to give business the kind of reliable wireless service they need to conduct their affairs every day. And, we expect to see this increase in infrastructure investment translate into increased job opportunities, growing the number of high-paying communications jobs in our area.

This is why I would like to urge you, on behalf of the Terrell County Chamber of Commerce, to give approval to the merger. Thank you for the opportunity to comment on such an important issue.

Sincerely,

Gina H. Webb

CC:

Chairman Julius Genachowski
Commissioner Michael J. Copps
Commissioner Robert M. McDowell
Commissioner Mignon Clyburn
